### INGREDIENTS

1 Each **RICH'S** Allen® 1/2 Sheet Uniced Chocolate Cake, 5 Count (#03277)

7 oz **RICH'S** Bettercreme® Chocolate Icing Made W/ Hershey's Cocoa, 15 12-Oz Bags (#11840)

2 oz **RICH'S** ALLEN® GANACHE DARK CHOCOLATE NATURALLY & ARTIFICIALLY FLAVORED (#11587)

.75 oz chocolate curls

.25 oz Hershey's Chocolate Candies

### DIRECTIONS

- 1) Remove plastic wrapping from a ½ sheet chocolate cake that has thawed at room temperature for at least 2-3 hrs. Breakdown sides of box by cutting corners with a knife.
- Wearing a cutting glove and using a long serrated knife trim top crust from cake, place a pan liner on top of cake and flip over onto table and remove box.
- Split cake horizontally, insert a ½ sheet board into split area of cake and remove top layer.
- Using a speed icer and Hershey's chocolate Bettercreme, pipe filling across the top of the cake leaving one row the width of the speed icer tip uncovered at the bottom edge.
- Using a clean moist towel, dampen the table space next to your work surface and slide the cake, with liner, over to the dampened work area.
- Beginning with the side of the cake away from you, pull pan liner rolling cake towards you leaving the pan liner on the outside of the rolled cake. Repeat steps 4 thru 6 for the other ½ split layer and place on a pan in freezer to freeze for a minimum of 3 up to 24 hrs.
- Remove frozen rolled cakes from freezer and remove pan liner. Using a clean sharp serrated knife, trim ends and cut roll into 3 equal rolls that measure @5 inches in length and place on an 8" cake board.
- Place cake on a turntable and using a #22 star tip and Hershey's chocolate Bettercreme, pipe icing across the log from left to right and right to left until roll is completely covered except for the ends.
- Drizzle heated chocolate ganache across the top of the cake roll in a back and forth motion.

**11** Using a #22 star tip and Hershey's chocolate Bettercreme, pipe 2 rosettes on top of cake roll.

**12** Place Hershey's candy bar pieces on rosettes to garnish.
