

MULLED APPLE CIDER

Wrap your hands around a mug of spiced cider you'll want to sip on all season long. Start by adding apple cider, cinnamon sticks, cloves, allspice berries, star anise and fresh orange slices to a large pot. Heat it gently over medium-high until it's hot and steaming—just don't let it boil! Once it's warm and aromatic, turn the heat down and let it simmer for 40 minutes to bring out all that delicious spice. When it's ready, remove the oranges and skim off the spices. Ladle into glasses and finish with Soft Whip Cold Foam. Keep it warm on the stove for refills—but be sure to ditch the oranges after simmering.
