# THE SELF-SERVE BLENDING BAR

**The Blending Bar:** Our most popular blender and freezer configuration.

## HOW IT WORKS

The self-serve program allows consumers to simply “Pick”, “Peel” and “Place” their cup in the blender. Want know the best part? Your customers get to choose their own flavour and the product thickness.

The blender is internally self-sanitizing and rinses between blends, meaning less work for employees and more sips for your customers.

**Minimal-touch blending for quick on-the-go convenience**

**Integrated internal cleaning system automates sanitization**

**Large LCD screen shows engaging content & the lower touch-screen panel displays easy instructions**

**Service Alert™ Diagnostics provides maintenance alerts along with online training and live support team**
