

BOOST YOUR BACK OF HOUSE.

SWEET SUCCESS: THE NEW B9 BLEND N' SERVE BLENDER

Give your back-of-house operation and the masterpieces that come out of it the upgrade they deserve with the Blend n' Serve Blender! The efficient performance of this high-powered and high-tech model reduces waste, minimizes training and maximizes profit. With a simple, streamlined design and intuitive user interface, the Blend n' Serve makes crafting custom and completely mind-blowing f'real creations a breeze.

TURNKEY INNOVATION

The Blend n' Serve provides a hassle-free setup that simplifies operations, minimizes training and improves your ability to navigate labour shortages. No drain or waterline required.

CRAVEABLE AND PROFITABLE

Blend up delicious, high-margin drinks that keep customers coming back with syrups, purees, alcohol, candy, cookies, toppings and more!

COST-EFFECTIVE AND CONSISTENT

Pre-portioned servings eliminate waste and the need to measure ingredients, streamlining your beverage preparation for dependably delicious drinks.
